

## MentorCoach Profile

JP Sulon

<b>Name and Surname</b>	Jean-Pierre (JP) Sulon
<b>Title</b>	Mr
<b>Experience</b>	Over 500 coaching hours plus experience in facilitation and team coaching
<b>ICF Accreditation</b>	ACC: ACTP
<b>Qualifications</b>	Certified Professional Coactive Coach (CPCC)
<b>Who would you like to mentor and why?</b>	I would like to mentor coaches that have chosen the ACC Portfolio route as many coaches have told me that this route is quite daunting and intimidating, but as a coach I understand that it's about how you see things, about perspective, about interpretation and about intention. I enjoy and have a talent for helping people find new ways of look at themselves and the challenges before them so they can move forward more courageously and more confidently.
<b>What would you cover in each 1 hour session:</b>	The sessions would be structured around the mentee taking account of where they are as a coach at the beginning of the mentoring relationship and the outcomes and competencies they need to demonstrate in order to become ICF accredited. During the intake, I would assess their coaching through recordings and observation and custom design a program to address the areas they need to work on, which would become the foundation of our mentoring relationship. Feedback they are receiving from their group mentoring program would be integrated into our sessions to achieve integration across the two processes.
